SCIENTIFIC AWARDS

Showcasing Excellence
in Clinical Pharmacology

Introduction

The ASCPT Scientific Awards program is the premier vehicle for recognizing the outstanding science in clinical pharmacology. The Scientific Awards program seeks to recognize the full continuum of clinical pharmacology from discovery to utilization and offers a forum of recognition for clinical pharmacologists in every stage of their career, from young investigator to seasoned scientist.

The ASCPT Scientific Awards Committee has set out to streamline the nomination process and to make it easy for you to nominate a worthy colleague, mentor or trainee. As a result, the awards timeframe has been shortened and the nomination form is now available online at www.ascpt.org/awards. The nomination deadline is **September 30, 2004** and the awards will be presented during the 2005 ASCPT Annual Meeting, March 2-5, 2005 in Orlando, Florida.

Within this brochure you will find descriptions and qualifications for each award, as well as a list of previous ASCPT award recipients. In addition, in order to help the awards program become a self-sustaining program, we offer you an opportunity to make a tax-deductible contribution to the ASCPT Awards Program.

It is our hope that after reviewing the brochure you will consider submitting at least one nomination for the 2005 ASCPT awards and encourage others to do so as well. Questions about the awards nominating process should be directed to Melissa Llewellyn at (703) 836-6981 or melissa@ascpt.org.

ASCPT

American Society for Clinical Pharmacology and Therapeutics

The William B. Abrams Award in Geriatric Clinical Pharmacology

HISTORY

The William B. Abrams Award in Geriatric Clinical Pharmacology was established, with support from the Merck Company Foundation, by Dr. Abrams to honor a young investigator in the field of Geriatric Clinical Pharmacology for making outstanding contributions to the field.

Dr. Abrams, a Past President of ASCPT, had a long and illustrious career in the pharmaceutical industry, mostly at the Merck Research Laboratories. Among his many accomplishments in geriatric clinical pharmacology, he was the founding Co-Editor of the Merck Manual of Geriatrics, was responsible for the creation of the Scientific Section on Geriatric Clinical Pharmacology of ASCPT, and for developing and funding post-doctoral training programs in geriatric clinical pharmacology.

GOAL OF THE AWARD

Dr. Abrams' objective in establishing this award was to encourage more young scientists to enter the field of geriatric clinical pharmacology by recognizing their accomplishments at the Society's Annual Meeting.

ELIGIBILITY/REQUIREMENTS

A nominee must be a young investigator in geriatrics who is actively engaged in high-quality teaching and research in geriatric clinical pharmacology. The nominee must not be more than 45 years of age as of March 1 of the year in which the award is presented.

PRIZE AND PRESENTATION

The William B. Abrams Award in Geriatric Clinical Pharmacology is presented during the ASCPT Annual Meeting. The recipient will receive a plaque and a \$1,000 honorarium. Travel expenses, hotel expenses and meeting registration are paid for by the Society. This award is funded on behalf of Dr. Abrams through the generosity of The Merck Company Foundation.

SUBMITTING A NOMINATION

Complete the enclosed nomination form or go to www.ascpt.org/awards and submit your nomination online.

DEADLINE

September 30, 2004.

2004	Lisa von Moltke, MD
2003	Kristine Yaffe, MD
2002	Paula Rochon, MD, MPH, FRCP(C)
2001	Jerry H. Gurwitz, MD
2000	Gary A. Ford, MA, MRCP
1999	George K. Dresser, MD
1998	Nikhil G. Majmudar, MRCP
1997	Barbara A. Liu, MD, FRCP(C)
1996	Johanne Monette, MD, MSc

■ *"The Abrams award was a very significant professional achievement for me. It gave me the opportunity to network with colleagues in ASCPT and to share many research interests and goals. Furthermore, I had the wonderful chance to honor the legacy of Dr. Abrams and hopefully to advance the goal of promoting research in geriatric clinical pharmacology."*

- 1981 Edward A. Carr, Jr., MD
- 1980 Chris J. D. Zarafonetis, MD
- 1979 Kenneth G. Kohlstaedt, MD

HISTORY

The Henry W. Elliott Distinguished Service Award was established in March 1978 to honor an ASCPT member who has gone above and beyond the call of duty in service to the organization.

GOAL OF THE AWARD

The goal of the Henry W. Elliott Award is to acknowledge outstanding efforts on behalf of the organization by an individual member and in doing so, encourage other ASCPT members to contribute their time and talent to the Society.

ELIGIBILITY/REQUIREMENTS

The recipient should be a member of ASCPT and cannot have held the position of President-Elect or President of the Society within the last five years.

The essential criterion is service to ASCPT. There should be documented evidence of excellent service to the organization. One or two outstanding acts of service or a long record of many acts of service without any single outstanding act may justify the award. The recipient should have a record of continuous service to the Society, including one or many major accomplishments.

Examples of accomplishments worthy of recognition include the establishment of effective programs; important administrative work which converts one or more committees from "just another red tape operation" into an effective instrument for progress in clinical pharmacology; effective advocacy of important solutions to major issues affecting clinical pharmacology; development of important liaisons among appropriate groups replacing sterile conflict with productive cooperation, and outstanding fiscal leadership and development.

PRIZE AND PRESENTATION

The Henry W. Elliott Award is presented during the Opening Ceremony of the ASCPT Annual Meeting. The award recipient will be given a plaque, a \$1,000.00 honorarium and a complimentary Annual Meeting registration. Travel expenses and hotel expenses will be reimbursed by the Society.

SUBMITTING A NOMINATION

Complete the enclosed nomination form or go to www.ascpt.org/awards and submit your nomination online.

DEADLINE

September 30, 2004.

"ASCPT is the perfect blend of people from the many environments that I interface with. It is an organization that truly represents a team approach. To be recognized as one of the persons selected for the Henry W. Elliott award provided me with an inner pride and also humbled me when I reviewed the list of prior awardees and all they had done. I am proud for ASCPT that they recognize service and participation because that is one of the things that makes our Society great"

Joann L. Data, MD, PhD, Senior Vice President of Regulatory Affairs and Quality Assurance, Amylin Pharmaceuticals
2003 Henry W. Elliott Award Recipient

The Leon I. Goldberg Young Investigator Award

Leon I. Goldberg

HISTORY

The Leon I. Goldberg Young Investigator Award was first given in 1986. The award was established as a means to recognize young members of the Society for the early career accomplishments they achieve and to serve as a platform for young members to present their research and receive recognition for their work.

GOAL OF THE AWARD

The goal of The Leon I. Goldberg Young Investigator Award is to encourage and recognize young scientists active in the field of clinical pharmacology.

ELIGIBILITY/REQUIREMENTS

The candidate should be a member of the Society and must not be more than 41 years of age by March 1 of the year of presentation of the award. The nominee may have earned their doctoral degree in any scientific field. The nominee should be an accomplished young investigator in the field of clinical pharmacology.

PRIZE AND PRESENTATION

The Leon I. Goldberg Young Investigator Award is presented during the ASCPT Annual Meeting. The recipient will present a lecture focusing on their research in clinical pharmacology. The recipient will receive a \$1,000.00 honorarium, a plaque and a complimentary meeting registration. Travel expenses will be paid for by the Society.

SUBMITTING A NOMINATION

HISTORY

The Oscar B. Hunter Memorial Award in Therapeutics was established to honor Dr. Oscar Benwood Hunter Sr. who joined the American Therapeutic Society in 1928 and for many years was the guiding light of the American Therapeutic Society engendering a spirit of force and energy in the furtherance of the Society's objectives in the field of experimental therapeutics. He was elected to the office of Secretary in 1937, which office he held until his death in 1951, except for the year 1938 when he was elected President.

GOAL OF THE AWARD

The Oscar B. Hunter Award is the Society's premier award. The goal of the Oscar B. Hunter Memorial Award in Therapeutics is to honor an individual scientist for outstanding contributions to clinical pharmacology and therapeutics over one's professional life. The award recognizes a meritorious career in drug research, excellence in direct patient care or very important contributions to patient care, and a distinguished teaching career.

ELIGIBILITY/REQUIREMENTS

To qualify for the Oscar B. Hunter Memorial Award in Therapeutics one must be able to provide evidence of an exemplary career in drug research, significant contributions to excellence in patient care, and a distinguished teaching career.

■ *"I consider the Oscar B. Hunter Award to be the highest honor that the society can bestow on one of its members. For that*

reason, I was thrilled and humbled to receive it and join the distinguished list of recipients. It was the crowning achievement of my career in Clinical Pharmacology. I would certainly encourage society members to nominate a mentor, role model or esteemed colleague for this prestigious award.

- Alan S. Nies, MD,
2001 Hunter Award Recipient

PRIZE AND PRESENTATION

The Oscar B. Hunter Memorial Award in Therapeutics is presented during the ASCPT Annual Meeting. The recipient will present a lecture summarizing the works forming the basis of the award. In addition, the recipient of the Oscar B. Hunter Memorial Award in Therapeutics will receive a bronze medal mounted on a plaque, a \$1,500.00 honorarium and a complimentary Annual Meeting registration. Travel expenses for the Annual Meeting will be reimbursed as well.

SUBMITTING A NOMINATION

Complete the enclosed nomination form or go to www.ascpt.org/awards and submit your nomination online.

DEADLINE

September 30, 2004.

The Gary Neil Prize for Innovation in Drug Development

Gary Neil

HISTORY

The Gary Neil Prize for Innovation in Drug Development was established in 2002 to honor the memory of Gary Neil, Ph.D. Dr. Neil, a former head of worldwide Research and Development at Wyeth-Ayerst, was a leader in the field of drug development. Dr. Neil was instrumental in creating a highly effective drug development and strategic decision-making structure at Alza through his roles as CEO and President of Therapeutic Discovery Corporation and Crescendo Pharmaceuticals Corporation. Dr. Neil played a significant role as a member of the boards of directors of Pharsight Corporation, Geron Corporation, Calydon and several other biotech companies.

GOAL OF THE AWARD

The goal of the Gary Neil Prize for Innovation in Drug Development is to stimulate the application of innovative science to clinical drug development, by recognizing outstanding individuals or teams who have been leaders in this area.

ELIGIBILITY/REQUIREMENTS

Individuals as well as teams from the pharmaceutical or biotechnology industry are eligible for the Gary Neil Prize for Innovation in Drug Development. The only requirement is that the candidate be a leader in the application of significant, innovative science to clinical drug development. The relevant work must have occurred while working in the pharmaceutical or biotechnology industry, however, candidates need not currently be employed in industry.

PRIZE AND PRESENTATION

The Gary Neil Prize for Innovation in Drug Development is presented at the ASCPT Annual Meeting in the year that the award recipient is determined. The recipient of the Gary Neil Prize will receive a plaque and a \$2,500.00 honorarium. Travel expenses, hotel expenses and meeting registration are paid for by the Society.

SUBMITTING A NOMINATION

- 1981 Marcus M. Reidenberg, MD
- 1980 David J. Greenblatt, MD
- 1979 Richard M. Weinshilboum, MD

HISTORY

The Rawls-Palmer Progress in Medicine Lecture Award was established in 1978 by Dr. W.B. Rawls in the hopes that it would be a real educational process and would serve to bring the efforts of modern research to the care of the patient and to help bridge the gap between the results of research and its application to the care of the patient.

Dr. Rawls was a member of the Society for many years, and he and his wife had many fond memories of friendships which originated at the meetings. Dr. and Mrs. Rawls' parents were children immediately after the Civil War and educational opportunities were poor, but they insisted that all their children have a full education. The Rawls-Palmer Progress in Medicine Lecture Award was also established to honor Dr. and Mrs. Rawls' parents, Mr. and Mrs. Gray M. Rawls of Williamson, Georgia and Mr. and Mrs. Nathaniel J. Palmer of Milton, North Carolina, for their foresight and sacrifices.

GOAL OF THE AWARD

The goal of The Rawls-Palmer Progress in Medicine Lecture and Award is to recognize a clinical pharmacologist for significant contributions to drug investigation that brings the efforts of modern drug research to the care of patients.

ELIGIBILITY/REQUIREMENTS

The candidate must be an investigator who is actively engaged in high-quality clinical pharmacologic research. The candidate must be capable of delivering an engaging, lucid lecture with wide audience appeal on recent developments in clinical pharmacology and therapeutics.

PRIZE AND PRESENTATION

The Rawls-Palmer Progress in Medicine Lecture Award is presented during the ASCPT Annual Meeting. The recipient will present a lecture focusing on recent developments in clinical pharmacology. In addition, the recipient will receive a \$1,000.00 honorarium, a plaque and a complimentary Annual Meeting registration. Travel expenses will be reimbursed.

SUBMITTING A NOMINATION

Complete the enclosed nomination form or go to www.ascpt.org/awards and submit your nomination online.

DEADLINE

September 30, 2004.

■ *"ASCPT probably more than any other academic society, is about the scientific aspects of my life's work - drug development*

and evaluation. Recognition of that work through the Rawls-Palmer award was extraordinarily gratifying. I have no doubt that others "in the business" would have the same response and I would strongly urge anyone aware of a worthy candidate to make the effort to nominate that person."

- Robert Temple, MD,
Associate Director for Medical Policy,
Food and Drug Administration,
2001 Rawls-Palmer Award Recipient

Contributing to the ASCPT Scientific Awards

Contributions

One of ASCPT's greatest attributes is its ability to create a forum to showcase the outstanding, cutting edge science taking place in the field of clinical pharmacology. The ASCPT Scientific Awards program is one vehicle ASCPT uses to recognize these contributions and to encourage clinical pharmacologists to continue on the path of discovery, development, regulation and utilization of safe and effective medications.

ASCPT's goal is for each scientific award to be self-sustaining so ASCPT can continue to honor outstanding scientists for their contributions to clinical pharmacology and therapeutics on an annual basis.

Please consider making a contribution today to help meet our goal and ensure the vitality of the ASCPT Scientific Awards Program. Each donation received is a step towards guaranteeing the continued success of the ASCPT Scientific Awards program. Your contribution is put in a restricted fund, invested and managed by ASCPT's investment advisor with oversight from the ASCPT Finance Committee. All donations are fully tax deductible.

2005 ASCPT Scientific Awards Nomination Form

Any individual may submit a nomination for an ASCPT award. There is no limit to the number of nominations one may submit. Please complete all information below and submit this form, along with the required supporting materials, by September 30, 2004 to: Carol Braun Trapnell, MD, Chair, Scientific Awards Committee, ASCPT, 528 North Washington Street, Alexandria, VA 22314.

Please indicate which award this nomination is for:

- The Henry W. Elliott Distinguished Service Award
- The Gary Neil Prize for Innovation in Drug Development
- The Leon I. Goldberg Young Investigator Award
- The Oscar B. Hunter Memorial Award in Therapeutics
- The Rawls-Palmer Progress in Medicine Award
- The William B. Abrams Award in Geriatric Clinical Pharmacology

Date of Birth (for Goldberg and Abrams awards only) _____
Is this a new nomination or a re-nomination? _____ Is the nominee a member of ASCPT? _____

REQUIRED SUPPORTING INFORMATION

- A. Statement of Accomplishment:** Please provide a brief summary of the nominee's accomplishments in reference to the award for which they are being nominated. Attach as a separate document. Consider including the following:
- a. The reason(s) why the nominee is being recommended for the specific ASCPT award.
 - b. An explanation of the nominee's experiences and how they relate to the specific requirements of the award.
 - c. Examples of the nominees' work specific to the award for which they are being nominated.
 - d. Examples of the major and/or minor contributions the nominee has made to the field of clinical pharmacology.
 - e. Examples, if any, of contributions the nominee has made to ASCPT.

B. Current Curriculum Vitae and List of Publications

C. Optional: Additional Supporting Materials to include, but not limited to, Grants, Patents, FDA reports (NDAs and INDs) and Internal Company Reports.

Signature of Nominator _____ Date Nomination Submitted _____
