

### ***Oscar B. Hunter Career Award in Therapeutics***

The *Oscar B. Hunter Career Award in Therapeutics* was established in 1955 to honor individual scientists for outstanding contributions to clinical pharmacology and therapeutics. This award recognizes a meritorious career in drug research, excellence or contributions in direct patient care, and a distinguished teaching career. The *Oscar B. Hunter Career Award in Therapeutics* is the Society's premier award. The goal of the award is to honor a scientist for outstanding contributions to clinical pharmacology and therapeutics over the individual's professional life.

#### **Diversity, Equity, and Inclusion (DEI):**

ASCPT is committed to recognizing and promoting excellence in research, collaborations, and efforts that highlight dimensions of diversity. Nominators should address how the candidate has fostered a diverse and inclusive environment.

#### **Eligibility**

The nominee can be an academic, industrial, or regulatory scientist who has demonstrated a sustained record of lifelong contributions to clinical pharmacology and dissemination of knowledge who will be able to give an engaging presentation about their career and the impact of their work.

#### **Prize and Presentation**

The *Oscar B. Hunter Career Award in Therapeutics* is presented at the ASCPT Annual Meeting. The recipient will present a lecture summarizing the works that form the basis of the award. In addition, the recipient of the award will receive a bronze medal mounted on a plaque and a \$1,500 prize. Travel expenses, hotel expenses, and meeting registration will be reimbursed by the Society.
