

Rawls-Palmer Progress in Medicine Award

The *Rawls-Palmer Progress in Medicine Award* was established in 1978 by Dr. W. B. Rawls to further his commitment to continuing medical education and its impact on patient care. This award was founded through the generosity of the late Dr. and Mrs. W.B. Rawls and honors the memory of their parents.

The goal of the *Rawls-Palmer Progress in Medicine Award* is to incorporate the efforts of modern research in patient care and to help bridge the gap between the results of research and its application in patient care.

Eligibility

A nominee can be an academic, industrial, or regulatory scientist who is widely recognized for their transformational and/or translational discoveries or innovative approaches impacting clinical pharmacology research and clinical practice. A nominee does not need to be an ASCPT member.

Diversity, Equity, and Inclusion

ASCPT is committed to recognizing and promoting excellence in research, collaborations, and efforts that highlight dimensions of diversity. Nominators should address how the candidate has fostered a diverse and inclusive environment.

Prize and Presentation

The *Rawls-Palmer Progress in Medicine Award* is presented at the ASCPT Annual Meeting. The recipient will present a lecture focusing on recent developments in clinical pharmacology. In addition, the recipient will receive a \$1,000 prize and a plaque. Travel expenses, hotel expenses, and meeting registration will be reimbursed by the Society.
