

Meet the Network and Community Leadership
Network: Quantitative Pharmacology (QP)
Community: Biologics

Community Chair:
John D. Davis, PhD
Regeneron
Pharmaceuticals

Dr. Davis is Head of Clinical Pharmacology at Regeneron Pharmaceuticals in Tarrytown, NY. Before joining Regeneron in 2014, Dr. Davis was with Genentech in South San Francisco, CA, where he was responsible for a clinical pharmacology team supporting 14 monoclonal antibody programs. Prior to Genentech, Dr. Davis spent 15 years in clinical pharmacology roles at Pfizer, ultimately as Site Head, Clinical Pharmacology at Pfizer PharmaTherapeutics Research & Development, where he was responsible for all pre-proof of concept Clinical Pharmacology at the Sandwich, UK facility. Dr. Davis holds a PhD from the Victoria University of Manchester and a Bachelor of Pharmacy (Hons) from Nottingham University, both in the UK.
