

Meet the Network and Community Leadership
Network: Translational & Precision Medicine (TPM)
Community: Oncology (ONC)

Community Chair:
Mark Stroh, PhD
CytomX Therapeutics

Dr. Stroh is currently Senior Director in Clinical Pharmacology at CytomX Therapeutics following several previous positions across the industry of increasing responsibility. He has his PhD in Chemical Engineering from Cornell University. He has been an active member of ASCPT for several years, most recently as Vice Chair of Oncology (ONC) Community, and has both contributed to programming and chaired multiple sessions at ASCPT Annual Meetings.
