

Meet the Network and Community Leadership Network: Translational & Precision Medicine (TPM)

Network Chair:
Joan Korth-Bradley,
PharmD, PhD
Pfizer

Dr. Korth-Bradley is Senior Director, Clinical Pharmacology, Collegeville, PA. She received her BScPhm from the University of Toronto, PharmD from the University of Minnesota and PhD from the University of Texas at Austin. She also completed a residency in hospital pharmacy at the Ottawa General Hospital and a post-PharmD fellowship in pediatric clinical pharmacy at the University of Texas at Austin/Brackenridge Hospital. She was employed by Wyeth Research and joined Pfizer Inc in 2009. She serves as a peer reviewer and editorial board member of the Journal of Clinical Pharmacology and Therapeutics, and has been a member of ASCPT since 1993. Her work includes participating as a member of various multi-disciplinary development teams working on a variety of therapeutic areas, most recently hemophilia, as well as life-cycle management activities and global clinical pharmacology support for a variety of approved products.
