

Meet the Network and Community Leadership
Network: Quantitative Pharmacology (QP)
Community: Pharmacometrics & Pharmacokinetics (PMK)

Network Vice Chair & Community Past Chair:
Sriram Krishnaswami,
PhD
Pfizer Global Research
and Development

Dr. Sriram Krishnaswami is Senior Director in the Department of Clinical Pharmacology at Pfizer, Groton, CT. He received his B.S. in Pharmacy in 1996 from the Birla Institute of Technology and Science, Pilani, India and Ph.D. in Pharmacokinetics/Pharmacodynamics in 2000 from the University of Florida, Gainesville. Dr. Krishnaswami is clinical pharmacology group lead in the inflammation and immunology disease area. His research interests include designing dose-finding strategies using modeling and simulation for new chemical entities for diseases such as rheumatoid arthritis, psoriasis, psoriatic arthritis, lupus and for the prevention of transplant rejection. Dr. Krishnaswami has published over 100 manuscripts, abstracts and book chapters and has an adjunct appointment at the University of Florida. He has won several awards including the Young Investigator Award at the American College of Clinical Pharmacology for his contributions to applying modeling and simulation methods to optimize drug therapy, and the Hench Award as a co-author of a publication in the New England Journal of Medicine. He served as chair of the AAPS modeling and simulation focus group and as vice-chair of the PMK section in 2014.
