

ACTIVITY UPDATE

SYSTEMS PHARMACOLOGY (SP) COMMUNITY

Hello Systems Pharmacology (SP) Community!

We hope everyone enjoyed the Annual Meeting. It was great to speak with several members there and discuss topics of interest. We would like to keep the momentum going with respect to engaging with the SP Community!

Systems Pharmacology (SP) Leadership Team and Steering Committee

Our 2023-2024 Leadership Team includes [Lisl Shoda](#), PhD (Chair); [Peggy Foteinou](#), PhD (Vice Chair); and [Valeriu Damian](#), PhD (Past Chair). We look forward to engaging with the SP Community and increasing awareness and opportunities for Systems Pharmacology.

Volunteers to Assist with Communication/Outreach and Proposal Reviews

We are looking for a volunteer interested in communication/outreach, particularly with social media platforms, to join the SP Steering Committee. If you are active in social media (e.g., LinkedIn, Twitter, Instagram) and would like to coordinate these efforts, please indicate your interest by completing the [2023 Call for Volunteers Survey](#).

We are also recruiting ten (10) volunteers to review proposals for the Annual Meeting. It's a great opportunity to get involved, help shape content, and contribute to maintaining the high standards of the proposals accepted for the ASCPT Annual Meeting. If you would like to volunteer, please indicate your interest by completing the [2023 Call for Volunteers Survey](#). Please note that reviewer selections are due June 2, 2023, so please submit your interest as soon as possible.

Upcoming ASCPT Proposal Submissions

The Leadership Team is currently working to develop proposals for the 2024 Annual Meeting and the October Network & Community Experience (NCE) in a number of areas related to Systems Pharmacology. If you have ideas about these topics and/or speaker recommendations, please send them to lisl.shoda@simulations-plus.com.

Network & Community Experience (NCE) 2023

[Registration for the Network & Community Experience \(NCE\) 2023](#) has officially launched. ASCPT members receive **complimentary access** to this online event as a benefit of membership, so please take a moment to [complete your complimentary registration](#).

[NCE 2023](#) Week One is taking place as a virtual event on May 22 and 24 and will showcase the scientific discoveries of a diverse range of Communities with a complementary focus on networking. The SP Community is collaborating with the Drug Utilization & Outcomes (DUO) Community to present ***Gut Feelings: Time to Go Deeper into Pharmacomicrobiomics*** on May 22 followed by an engaging Community Networking Event that will feature a discussion on the challenges and opportunities for predictive modeling of drug-microbiome interaction, programming ideas for the Annual Meeting and Online Learning program, Community volunteerism, and more. We encourage you to [register](#) and hope to see you there!

Thank you on behalf of the SP Community Leadership Team!
